Resale Shops Feasibility Study

Fact Sheet

Council received a $10,000 grant to conduct a feasibility study into the possibility of having one or more resale shops at its Transfer Stations. This project is supported by the Recycling Victoria Councils Fund, delivered by Sustainability Victoria on behalf of the Victorian Government.

Who is preparing the study?

Council has engaged JustWaste Consulting to conduct the feasibility study.

The study will look at the viability of having the shops, potential layout of the shops, pricing structures, management models and where potential earnings may be spent.

Community feedback is an important part of the study which is why Council is conducting a survey on Share Strathbogie and drop-in sessions with JustWaste Consulting.

The study will provide Council with an in-depth analysis of the challenges and opportunities of introducing the best value-for-money approach to installing a resale shop.

Where will the shops be located?
Council is considering two potential locations for the shops.

Both the Euroa and Nagambie Transfer Stations have the potential capacity to house the resale shops.

Other Council Transfer Station sites are not being considered as part of the study due to this not being a viable option.

Are the resale shops definitely going to be established?
At this stage, Council is looking into the possibility of having the shops.

The study is crucial to find out whether we can establish the shops or not.
We look forward to sharing the results when it is completed.

What aspects can I have input on?
Council is asking the community for its support of the shops and whether this is something they would like.

We are also seeking feedback on the potential management options. These shops could be ran by Council exclusively but there is an option for them to be community-ran or a hybrid of both.

We're calling on interested community groups and organisations to register for this through our Share Strathbogie platform.

There's also a quick survey on Share Strathbogie which also seeks feedback on where community members would like to see the potential profits of the shops spent.

Where do I have my say?
Go to www.share.strathbogie.vic.gov.au and click on the Resale Shops page.

Take part in our quick survey and register your contact details if you would like us to keep in touch with you regarding management of the shops.
