2023 - 2024

Strathbogie
SHIRE COUNCIL

About Pitch my Project

Now in its third year, Council's Pitch My Project initiative is ensuring our Budget includes the projects and plans that matter to our community.

Since it's inception we have funded more than 20 community projects throughout our Shire.

As the initiative has progressed, we have made changes and improvements.

Last year we launched early to ensure the pitched projects were included in the Draft Budget.

This year we are again launching early, but we're taking community input a step further.

This year, we will ask the community to pitch their ideas, we'll go through an assessment process, then the successful applications will be put to the community to decide which make it into the Budget.

At Council we're constantly improving the way we engage with our community.

By putting the decision into the hands of our community we are showing our commitment to truly meaningful community involvement.

Tips for your application

Demonstrating strong community need

Each application must demonstrate how the idea meets a strong community need. A simple way of thinking about this is:

- What is the problem or opportunity?
- How does it affect or impact the community?
- What difference would your idea make?

Aligning your idea to our Council Plan

Each application must demonstrate how the idea aligns to a strategic focus area of our Council Plan 2021 - 2025.

Your application needs to specifically identify how your suggested project is related to the implementation of an action in the Council Plan. This is because our financial resources need to be directed to achieving the Council Plan, which in turn helps achieve the Community Vision.

The 2021-25 Council Plan is the key strategic document that governs the allocation of human and financial resources at Council and outlines the actions and strategies to be employed to achieve the Community Vision.

It was developed after nine months of engagement with the community and the first ever Strathbogie Shire Community Panel.

The Council Plan identifies strategies relating to six strategic focus areas, along with the initiatives for Council over the four-year life of this plan that will help us achieve our goals.

Please use the following link to find the actions to support your application: [2021/25 Council Plan](#).
